

Virtual Walk-Thru of KA 7: dash; Solutions Assessment and Validation

Self-Paced, Web-Delivered Duration 3.5 Hours

Overview Knowledge Area (KA) “ Solutions Assessment and Validation” deals with ensuring that a proposed solution will meet the business need. It involves assessing not only the solution, but also the organization. Testing based on business, stakeholder, and solution requirements are an integral component. as is the development of transition requirements. These activities, commonly considered the domain of project leaders and managers, also fall into the responsibilities of senior business analysts. Understanding the terminology, tasks, techniques, inputs, and deliverables of this knowledge area will prepare you to take and pass the Certified Business Analyst Professional® exam – assuming you already meet all other qualifications as defined by the International Institute of Business Analysis (IIBA®).

This 3.5 hour long virtual walkthrough of the knowledge area is designed specifically for those who would like to increase their knowledge of the IIBA® concepts and terminology. If you are taking this course in preparation for taking the full CBAP® (Certified Business Analysis Professional®) exam, we recommend taking it approximately 4 – 6 weeks prior to the scheduled exam.
